

At Bee Line, Education Matters.

That's why we've built protocols to keep your school open and safe.

We're joining the effort to help keep your students in class and your school sparkling.

Misting & Disinfection

Our misting process is as easy as...

1. Prepping the facility prior to the application.
2. Pre-wiping hard surfaces that are visibly soiled
3. Misting High Touch Points and surfaces for a continuous clean.

Medical-Grade Deep Cleans

We're here to keep your site safe

Bee Line is able to provide medical-grade deep cleaning by keeping all of our staff trained and updated on infection prevention standards. These protocols are also utilized throughout surgical spaces - meaning you're receiving the highest quality cleaning.

Why Bee Line?

Professional & Certified

As a medical-grade cleaning company, we are the experts. Some of our professional school service include:

- Day porters
- Deep Cleaning
- Carpet, floor & vinyl cleaning
- Disinfectant misting spray
- End of day cleaning
- Daily high touch point disinfection

Our Credibility

In addition to cleaning the top medical portfolios in Chicago, we also cater to schools. We are currently trusted by:

- St. Edward Central Catholic High School
- Menta Academies
- New Horizon Center
- Elgin Academy
- And many more!

Customizable & Fast

We offer custom cleaning services for each of our clients, accommodating timelines, cleaning schedules, and the scope of your educational facility.

Ready to get started?

We'd suggest you hurry, as we're filling up quickly!

Cleaning and disinfection are offered on a first-come, first-serve basis.
