## CAPABILITIES STATEMENT

Founded in 1966, Bee Line Support Inc. is a privately held, Certified Woman-Owned Business Enterprise headquartered in the Pilsen neighborhood of Chicago, IL. We specialize in our medical-grade cleaning capabilities, and bring that same rigor to every commercial, educational, and industrial facility that we service daily. From startups to national branches, we provide the most efficient cleaning services, technology, well-trained teams, project services, and immediate customer service available. When it's all said and done, you can't find a more innovative and all-inclusive cleaning company anywhere but with Bee Line Support.

### PRODUCTS & SERVICES:

- COVID relief cleaning (misting, porters, high touch point disinfection)
- Medical and Surgical Facility Cleaning
  - Terminal Cleaning
  - Black Light Auditing System
- Corporate, School, Industrial Cleaning
- Post Construction Cleaning
- Floor care (strip/wax/vacuum)
- Cleaning Supplies Distribution
- Streamlined work order systems

### DIFFERENTIATORS:

- **Customers First:** We're here to make your life easier. That's why we have online work orders, on-call staff & consistent communication to guarantee quality
- **Management:** We have CMIP (Certificate of Mastery in Infection Prevention) certified managers to train all staff on infection prevention protocol
- **Cleaning Crew:** We never subcontract, require extensive background checks, & promote organically
- **Medical Cleaning:** Experts in medical-grade cleaning, with fully built out medical exam training suite at HQ
- **Project Capabilities:** Not only do we offer comprehensive cleaning, we can also provide porter services, terminal cleans, and repair services so your facility looks great no matter what
